VISIT THE MUSEUM

Arts Integration Tours

Arts Integration Tours explore the connections between art and other curricular areas.

Arts Integration Tours must be booked at least four weeks in advance. Maximum group size is 80 students, and one chaperone is required for every eight students. Tours are $3 per student for groups in Sacramento County and $5 per student for groups outside of Sacramento County. Teachers and required chaperones are free and additional chaperones are $4 per person. Each student receives a GenCorp Foundation Family Pass, which admits up to four people.

Visit crockerartmuseum.org for a listing of the specific Content Standards that each tour is designed to satisfy.

"A" IS FOR ART

GRADES PRE-K AND K (AGES 4-6)
45 MINUTES
In this adventurous tour, early learners play, imagine, move, and explore while learning key educational concepts such as sorting and sequencing along with shape, letter, and symbol recognition. Positive social skills and language-based interactions are also reinforced.

ART NARRATIVES

GRADES 6-12
75 MINUTES
Students develop poems, short narratives, and expository compositions in response to artwork in the Crocker's permanent collection and special exhibitions. Students learn how to "read" works of art and gain a stronger understanding of literary devices. Paper and pencils are provided.

FREE ADMISSION FOR TEACHERS

Teachers who book a Museum visit will receive a GenCorp Foundation Teacher Preview Pass in their Confirmation Packet, which is good for free admission for two people. We strongly encourage teachers to preview Museum exhibits to shape the most successful learning experiences for their students.
